

COVID-19 Policy for 2023 ABET Symposium*

ABET's priority is the health and safety of our event participants. Please review our current guidelines regarding COVID-19.

- ABET requires all participants attending ABET events to be up to date with their COVID-19 vaccines. You are **up to date** with your COVID-19 vaccines if you have completed a COVID-19 vaccine primary series and received the most recent booster dose recommended for you by CDC, or other applicable health agency (for non-US attendees).
- Mask wearing is optional but encouraged for those desiring to do so.
- ABET requires all participants to acknowledge and agree to the liability waiver for each event they attend.
- I agree to not attend if I feel sick or have had recent COVID-19 symptoms.

* Policies and procedures for attending Symposium will be based on the current CDC guidelines and are subject to change. ABET will communicate relevant updates as they become available through our website and directly with registrants that are affected.

I have read and understand the above policy

I have read, understand and accept the Assumption of Risk/Liability Waiver below

Assumption of Risk/Liability Waiver

ABET cannot be held liable for COVID-19 cases that occur due to event attendance.

I acknowledge and understand the following:

- Participation includes possible exposure to and illness from infectious diseases including but not limited to COVID-19. While event policies related to COVID and personal discipline may reduce transmission, the risk of serious illness and death does exist.
- I knowingly and freely assume all such risks related to illness and infectious diseases, such as COVID-19. I (and on behalf of my guest(s)) waive and release ABET from and against claims, liabilities and expenses arising from injury, sickness or death as a result of travel or attendance to an event hosted by ABET.
- This waiver and release is binding on me and my heirs and successors.
